23rd November 2016

Dear Parents/Carers

Please note that today there was a reported gas leak on the construction site for the new Performing Arts block and some nearby buildings were evacuated for safety and precautionary reasons.

This evacuation lasted approximately 40 minutes, and unfortunately this was during break time. The canteen was one of the areas evacuated so students were therefore unable to purchase food and drinks at this time. (Water fountains are available across the site).

At no point were any students or staff at risk.

Lisa Boorman
