November 2020

Our ref: KKE/AHO/Y11-12

Dear Parent/Carer

I am writing to invite you to Plympton Academy's **Virtual Look to the Future Event** on Thursday 26th November. During the evening of the 26th a pre-recorded presentation will be loaded onto our website for students to view. This will outline the various pathways available after Year 11 within the Academy. You will be able to find this under the Parents Tab and then selecting Options from the dropdown list.

Students and parents will then have the opportunity to explore a range of subjects and pathways available in the Sixth Form. All A Level and Level 3 Btec subjects will be represented through subject videos which will also be loaded onto our website. In addition, there will be a **Virtual Careers Fair** taking place after this date, with a different career being showcased on our website each day.

Year 11 students have already been given outline information about the options available post-Year 11 through assemblies and tutor sessions. This event represents the next step in this process. You will be able to find a copy of our Sixth Form Prospectus and Application Form on our website under the Sixth Form tab. Deadlines for Applications is 8th January 2021.

Following this event, students will be invited to attend an interview with a senior member of staff where he/she will have the opportunity to discuss his/her initial options choices and receive appropriate support and guidance.

We look forward to working with you and your son/daughter as he/she prepares to take this exciting next step. If you have any questions about this event or would like a meeting to discuss career options, please contact Mrs Arkell on 01752 338373 Ext 131 or arkellm@plympton.academy

Yours faithfully

K. Kerr
